

Go2mobile Datasheet

Text your customers, prospects and employees with news, enquires, contact information, sales leads, or service calls via email.

Reply Functionality: Allows the recipient to text a reply back to the email sender.

Go2mobile Business+ presents you with a comprehensive infrastructure for mobile messaging, the most advanced mobile messaging service available.

With Go2mobile Business+ you can:

Send & Receive Information **to and **from** any number of mobile phones from:**

- Email Systems
- Internet Web Pages
- Intranet Web Pages
- Systems Monitoring Software
- Databases

You can easily 'mobile-enable' your sales, service and marketing departments, websites, intranet, databases and email. All you need is a standard internet connection – Go2mobile manage the rest. No additional software, hardware, or development work is necessary.

Business+ - What You Get:

- High speed message delivery
- Online message tracking and archive search facility via our Member Zone*
- Premium telephone, email and fax support as standard
- Full back-up systems in place for peace of mind
- 24/7 monitoring of all systems

Key Benefits:

- Easy implementation
- Plug & Play – We can have your systems mobile-enabled within 24 hours
- You benefit from new Go2mobile services as they develop

Go2mobile was the first company to offer corporate mobile messaging in Ireland, and we have invested heavily in research and development, which ensures that your company is continuously kept up to date with mobile technologies.
