

## Go2mobile Datasheet

Keep your members up-to-date with news, events, special offers and more, all from your web browser.

### **GroupText allows you to:**

- Add as many groups as you require
- Add as many members to each group as you require
- Schedule a broadcast at any date and time into the future.
- Text an individual who is not a member of any group, i.e. input the mobile number of the recipient and Text Message.
- View a complete log of the messages sent, whom they were sent to and when they were sent.
- Replies come back to the email inbox of a designated email address

### **GroupText - What You Get:**

- High speed and reliable message delivery
- Online Message Tracking
- Excellent Telephone, email and Fax support as standard
- Full backup systems in place for peace of mind
- 24/7 monitoring of all systems

### **GroupText System Requirements:**

Go2mobile host and manage the advanced infrastructure for you. All you need is a normal internet connection and a web browser to build your Groups and send your text messages.

### **Key Go2mobile Benefits:**

- Easy Implementation
- Plug and Play – We can have you up and running within 24 hours

Go2mobile was the first company to offer corporate mobile messaging in Ireland, and we have invested heavily in research and development, which ensures that your company is continuously kept up to date with mobile technologies.
